

Session 1: Boat Printing Pictures

As we start thinking about the Bible story of Jesus and his friends in a boat, let's have some fun making print pictures. You can use all sorts of things as printers - vegetables (potato / carrot / swede etc can be cut into shapes), plastic toy shapes, found natural objects, pieces of sponge or card.

You will need:

- Some paint
- Paint brushes (optional)
- Plates to spread paint onto
- Paper
- Objects to print with (see above)

Instructions:

- Find or cut various shapes - circles, triangles, squares, rectangles, semi-circles, diamonds, stars, wavy lines etc.
- Spread a thin layer of paint onto plates.
- Dip the stampers into the paint, and print onto the paper.
- Can you use the shapes to make a picture of Jesus in the boat on the sea?
